

Why Unionze

Maxine Doogan For StopTheRaids Ho Down 2024

Unionizing traditionally means: a company involves employees joining together to form a union in order to collectively bargain and negotiate with their employer over wages, working hours, safety standards, and other terms and conditions of employment

According to Professor Gregor Gall '...sex workers' collective efforts and unionization strategies are a necessary component of reducing--and ideally eradicating--labour exploitation within sex industries'

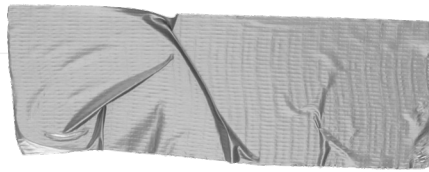

What Kind of Exploitive Labor Conditions?

Wage theft,

No right to negotiate for own wages and safe work
conditions-criminal laws

Contractors v Employees

No access to equal protection-violence on the job

Contracts for us

Criminalization of our ability to negotiate for our own wages and safe work conditions

Criminalizing our domestic, intimate and commercial relationships.

Legalization schemes for working prostitutes in Nevada at the county and state level plus contracts with brothels.

Example: prostitutes license are apart of public record presenting some privacy issues for some workers.

Strippers' work conditions and earning potential are controlled by local and state laws and contracts with club owners-third party bosses

Post FOSTA

Everyone's speech has been chilled.

Everyone can see that the state criminalization of prostitution laws are at the heart of removal of their federal speech rights.

Who Are The Bosses?

Our boss are the unwitting public who votes for legislators who criminalize us and restrict where we can work.

License Structures creates another layer of third party bosses to control workers like strippers-all the brick and motor business.

The Anti's are our bosses. They represents former workers who are financially incentive to recriminalize our clients under the guise of delivering us 'services' _Maine New Law.
